

Profiting From A Complaint Free Workplace™

You can't complain your way to Health, Happiness, and Success

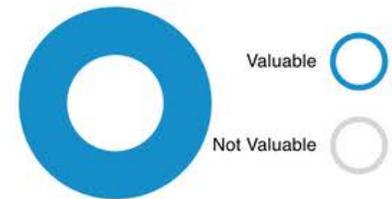

Will Bowen

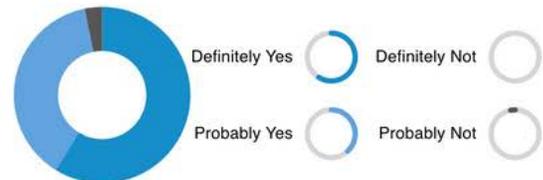

Complaints & Complainers Lead To...

- **Negative Workplace Culture** - Complaints from customers, coworkers, friends, family, the news, and social media poison attitudes leading to an unhappy, unproductive, and unprofitable workplace culture.
- **Lower Profits** - Complaining increases stress, illness, absenteeism, burnout, and turnover negatively impacting the bottom line.
- **Leadership Problems** - Complaining causes discord, creates alliances, and kills cooperation.
- **Mental Health Issues** - Complaining increases stress, anxiety, and burnout limiting the ability to think clearly and perform efficiently.
- **Lack Of Future Focus** - Complaining keeps attention on past mistakes obscuring new solutions and future opportunities.
- **Decreased Sales** - Complaining customers will soon become former customers if their complaints are not handled correctly.

The Complaint Free Solution

People complain for only one of five reasons remembered by the acronym G.R.I.P.E. -- **G**et attention, **R**emove Responsibility, **I**nspire envy, gain **P**ower, and to **E**xcuse their poor performance.

Understanding the real motivation behind any complaint and how to address each type of complaint will dramatically improve employee retention, workplace culture, customer relationships, sales, and profitability.
